

DAMAGED LANDSCAPES

An abstract painting depicting a landscape. At the top, a dark, almost black sky transitions into a golden-yellow, textured band. Below this is a dark grey, wavy river or path filled with numerous small, reddish-pink, teardrop-shaped marks. The foreground is dominated by a large, vibrant blue archway or tunnel-like shape, set against a background of soft, pinkish-purple washes. The overall style is expressive and textured, with visible brushstrokes and a somber yet vibrant color palette.
